# UKCRC Tissue Directory and Coordination Centre

## Tissue Directory

We have recently launched the UK's first national tissue directory. The aim is to facilitate discovery of existing Biobanking resources

## BBMRI.uk

We represent the UK in the European Biobank infrastructure. The work around quality standards is particularly relevant

## Engagement

The award winning board game

# Data Focused

**?**

**Time it took  
you to register?**

■ And is  
collecting data for different people  
taking up

**TOO MUCH  
of your time?**

Now it's time to  
integrate  
**in a more effective way**
